## Background

The Israel University Consortium's *Israel University Study Tour* (IUST) provides study abroad professionals the knowledge and insight necessary to effectively facilitate study abroad in Israel, while acquainting or reacquainting them with the beauty and vitality of Israel.

The IUST includes full-day visits to each one of the IUC campuses: Hebrew University of Jerusalem, Tel Aviv University, Ben-Gurion University of the Negev, the Technion – Israel Institute of Technology and the University of Haifa.

The ten-day tour also takes participants to various points of interest around the country, including Tel Aviv, the Dead Sea, Masada, Haifa, the Galilee, Beer Sheva, the Old City of Jerusalem, and more!

## From Our 2010 IUST Participants...

"The most valuable part of the tour was being able to see the universities in person and to learn how different they (and the cities they are in) are from one another."  
- Jeannie Bonner Simmons  
Ohio State University

"I can confidently advise students on the benefits of studying abroad in Israel and feel more comfortable talking to both students and parents about safety and security issues."  
- Rachel Rigoli  
University of California - San Diego

"The tour will lead directly to strong ties with one or more Israeli universities."  
- Earl F. Gibbons  
University of North Texas

"The tour has given me enthusiasm and the desire to recruit students. It has taught me firsthand about the country and culture. I saw that Israel is safe and that the universities have excellent facilities and quality staff. I have more credibility with students and faculty (and parents) having visited the universities and the country firsthand."  
- Lisa G. Sapolis  
Trinity College
